

Jigsaw™

STREAMLINE AND AUTOMATE YOUR FULFILLMENT STRATEGY WITH JIGSAW

Jigsaw is an on-line tool from Travel Tags that gives you the ability to order customizable gift, loyalty or membership cards. Our on-line based solution can be embedded into your website for seamless integration with multiple business rule options. Additionally, our customizable reporting suite offers effortless management of sales rep and customer account activities.

Jigsaw affords you the ability to select your own business specific online card production platform.

KEY FUNCTIONALITIES:

- Embedded into your website for seamless integration with option for a shopping cart.
- Processor requirements integrated into tool to measure consistent service level agreements set up with your merchants.
- Jigsaw is a PCI compliant application.
